Roblox's Wants

- Learning tool for students to create curated experiences to share in the classroom
 - Branching narrative
 - Sandbox style play
 - Exclusive sharing
- Core Audience: 13-18 year old HS students
- 3D (Made in Roblox Studio)
- Playable on PC and Mobile
 - Preferably also runs on Chromebook

Our Idea

History → Progressive Era
Labor Movement

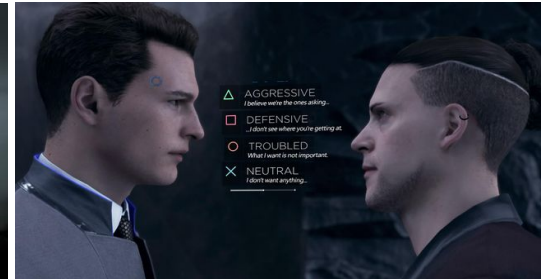

Same story
Different perspective

Students write stories and
play others' stories

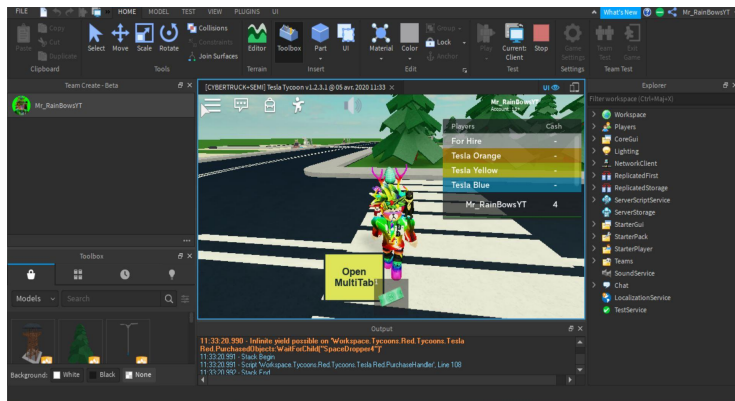

Inspiration and Similar Games

- Telltale Games
- Bad End Theater
- Minecraft
- Oregon Trail
- Never Alone
- Detroit: Become Human

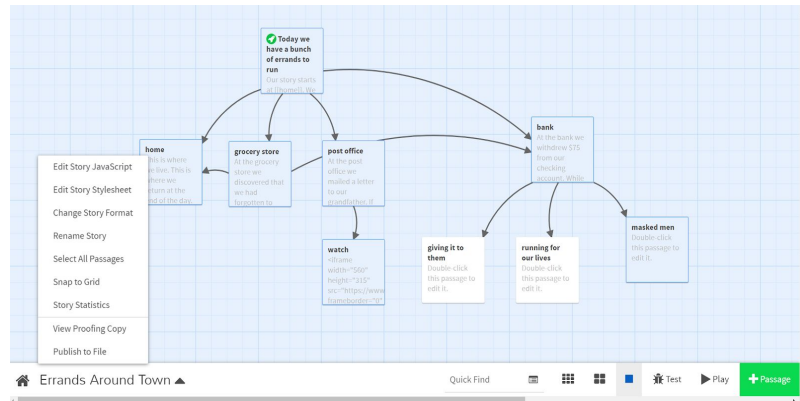

Research

- Learning Roblox Studio
- Prototyping story ideas and interactions in Twine
- Progressive Era - Labor Rights
- Similar games and narrative tools

Roblox Studio

Twine

Deliverables

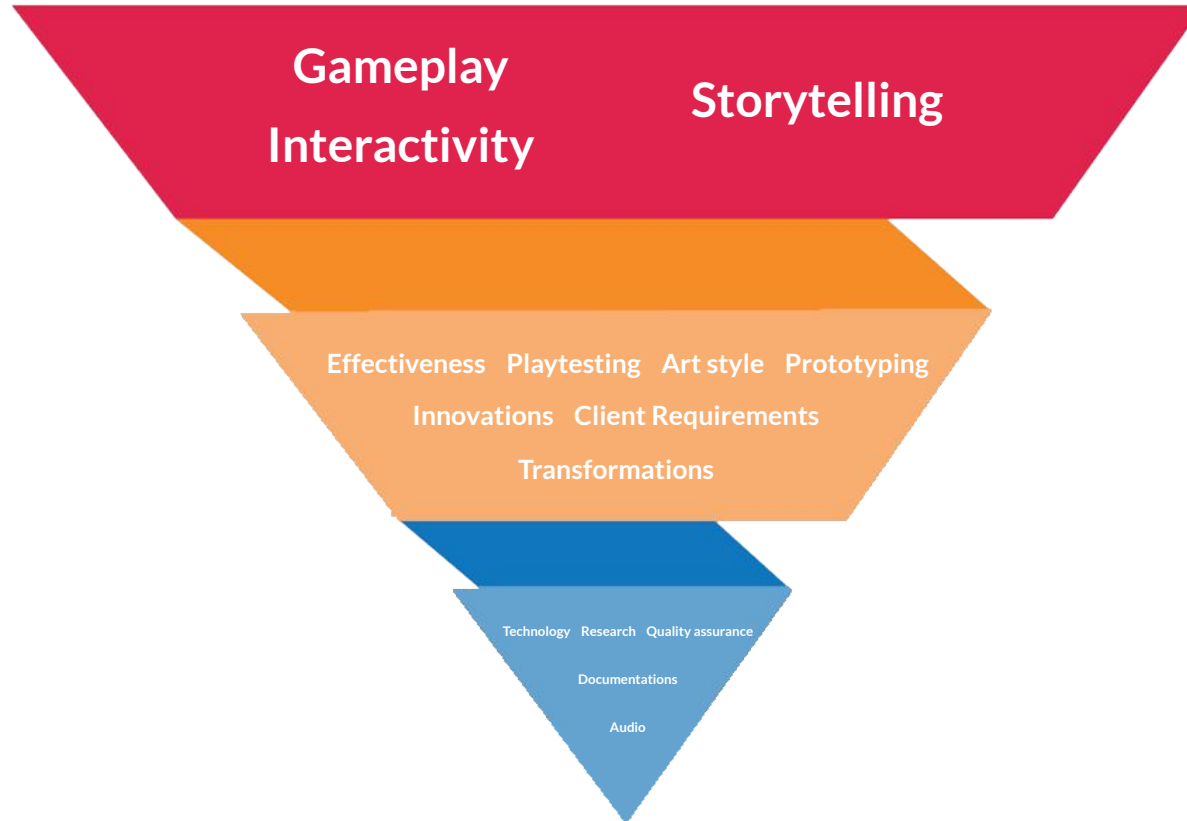

**1 working prototype of
narrative driven sandbox**

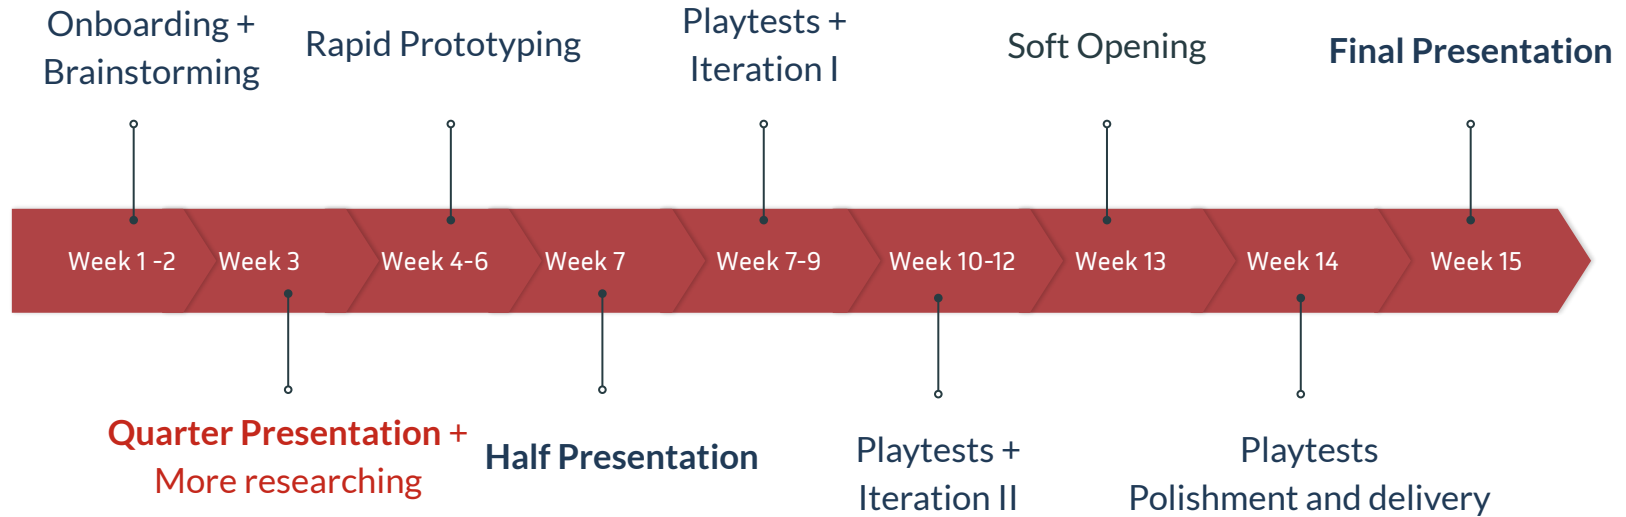

**Inspiration for Roblox's
future endeavors**

Metrics of Success

Schedule

In Summary

- Prototype of narrative driven sandbox
- For high school students to demonstrate learning
- Built in Roblox Studio
