Latin I Family Tree/Introduction Project (Familia Stirps) - using *Cambridge Latin Course Unit 1*

Objective: to use vocabulary relating to the family and to use linking verbs with correct noun/adjective agreement.

Process:

1. You need to use at least ten words from the Topical Vocabulary provided. After you have selected these ten words, write at least 10 sentences using adjectives to describe and introduce family members. These family members do not need to be real. **The whole sentence needs to be in Latin (There should be no English).**

   Vocabulary word options:
